Series V. B.W. CURRIE / F.T. DAVIES

Balfour Watson Currie (1902-1981) was associated throughout his academic career with the University of Saskatchewan, as a Professor and Head of the Department of Physics, founder of the Institute of Space and Atmospheric Studies, Dean of Graduate Studies and Vice-president, research.

Frank Thomas Davies (1904-1981) taught as a Lecturer in the Department of Physics, U of S; was a member of Byrd's first Antarctic Expedition; was Director of the Carnegie Geophysical Observatory in the Peruvian Andes; and was Director-General of the Defence Research Telecommunications Establishment.

They worked together at Chesterfield Inlet during the Second International Polar Year (1932-1934). Their records and data analysis from that period were of primary importance in shaping future research in aurora borealis and upper atmospheric studies.

PUBLICATIONS:

1. "Balfour Currie and the Second International Polar Year." - 1983.
Correspondence and copy of paper co-authored by T. Llewellyn and K. Paulson, delivered at the International Union of Geodesy and Geophysics General Assembly.
2. "Balfour Watson Currie" - Obituary. - 1981-1983.
Drafts and final copies of obituaries published various journals; together with correspondence and reference material, including copies of the citations for Currie's numerous awards and a 1958 Profile written by Frank Davies.
3. "A Canadian Life with Geomagnetism: The Research of Frank T. Davies." - 1992.
4. "A Canadian Life..." - Correspondence. - 1990-1992.
5. "A Canadian Life..." - Notes. - 1992.
6. "A Canadian Life..." - Reference Material - Cited.
7. "A Canadian Life..." - Reference Material - Other.
8. Currie-Davies Plaque. - 1982-1983. - textual records + photographs.

Correspondence, memoranda, and reference material concerning commemorative plaque in the Physics Building, U of S. Included are copies of JEK paper, "Recognition of the Scientific Work of Balfour Currie and Frank Davies" and text of address given at the unveiling by D. McEwen.

*See also below, Musk-Ox Commemorative Issue.

9. "A Tribute to Dr. B.W. Currie." - 1971-1974.

Copy of article by JEK, along with notices of other Currie tributes.

REFERENCE MATERIAL:

10. B.W. Currie - Ph.D. Thesis. - [Photocopied ca. 1992].

Copy of "Absorption of Ions at a Water Surface" (McGill University, 1930).

VOLUME 9

11. F.T. Davies - Log-Book & Diary. - Photocopied 1991. -2 folders.

Copy of log book kept from 1 August 1932 - September 1933 at the Chesterfield Inlet, NWT, station during Second International Polar Year expedition.

Summarises some scientific data as well as providing detailed description of daily life. Photocopy of diary also at NAC (MG 30 B73).

12. F.T. Davies - M.Sc. Thesis. - [Photocopied ca. 1992].

Copy of "The Measurement of Surface Temperatures with Special Reference to Surfaces Undergoing Evaporation" (McGill University, ca. 1928).

13. Miscellaneous. - 1977-1988. - textual records + photograph.

Miscellaneous reference material, including a copy of a 1955 poem, "The Tower of Babel - or Babble;" Davies obituaries; copies of Currie awards; a note from Currie on Davies; and an Equinox article on aurora.

14. Musk-Ox Commemorative Issue. - 1982-1983.

Correspondence, notes, memoranda, and reference material marking the IPY 50th anniversary. Includes biographical material on Frank Davies, academic papers, information concerning IPY plaques at Fort Rae and Fort Conger, etc.

*See also above, Currie-Davies Plaque.

15. "Semper Revolvuntur Res." - 1968.

Offprint of article co-authored by F.T. Davies.

16. "Voyage to Nutheltin." - [Photocopied ca. 1992].

Copy of article by R.H Cockburn from The Beaver, January/February 1986.

RESEARCH - BW CURRIE / FT DAVIES

Photocopies.

Correspondence, photographs, etc. - 1932-1933, 1949, 1951, 1982.

Material found in envelope address to Dr. JWT Spinks, including correspondence from B.W. Currie to Harrington, 1932-1933; 8 photographs of Chesterfield, Arctic Bay, ca. 1930s, and reprints of articles.

BOX 10

Photocopies of Currie-Harrington correspondence. - dates of originals 1932-1933
(originals in previous file)

CBC interview. - nd. - 1 audio cassette.

Currie-Milligan correspondence. - [ca. 1978-1980].

Primarily re MuskOx, Institute for Northern Studies.

Currie - correspondence. - 1980.

Primarily re INS publications committee.

Correspondence from federal Department of Communications. - 1992.

Includes photograph of F.T. Davies Building.

Thank you letter re Currie Scholarship Fund.

Davies - Canadian Second Polar Year Expedition to Hudson Bay.

Photographs relating to polar expedition. - ca. 100 photographs : b&w

Most of these photographs appear to be from Davies' "Chesterfield slides"; some were apparently used in Musk Ox issue #34, a special issue on the polar expeditions.

Currie - letters from Father Ducharme and others re polar expedition, etc.

Currie - Can you hear the Aurora?

Also includes article by David Pentland.

Davies - various. - [199-].

Correspondence re Davies. - [199-].

Correspondence re Currie collection. - 1983, 1989.

Davies/Currie - misc., including biographical information.

C. DAVIES / CURRIE

1. Correspondence. - 1991-1992.
Correspondence, notes, and some reference material related to "A Canadian Life with Geomagnetism: the Research of Frank T. Davies."
2. Correspondence - Washington Meeting. - 1990-1993.
Material regarding the symposium, "The Earth and the Carnegie Institution of Washington: Historical Perspectives after 90 Years," for which the Davies paper, "A Canadian Life...", was prepared.
3. Currie Diary. - 1932-1933.
Original, titled "Record of Optical, Acoustical, and Unusual Phenomena;" written at Chesterfield Inlet during the 2nd International Polar Year. See also Department of Physics Records.
4. Currie Diary - Typescript.
Typescript edited by Kupsch and J.E. Kennedy; with some assistance from J.W.T. Spinks.
5. Currie Diary - Xerox.
6. Currie - Photographs. - textual records and 1 photograph.
Includes photo portrait of Balfour Currie, copies of a letter written from Currie to his wife, and lists of photos taken at Chesterfield Inlet [see below, "Photographs - Chesterfield Inlet"].
7. Davies-Currie Correspondence.
Typescript copies of letters from Davies to Currie, ca. 1928-1930; and copy of *Musk-Ox* 29.
8. Davies - Miscellaneous Reference.
Obituary and cv; photograph lists, etc.
9. Manuscript.
Manuscript and some correspondence for "A Canadian Life with Geomagnitism: The Research of F.T. Davies."
10. Marked Sources. - 2 folders.
Reference material.
11. *Musk-Ox* 30: International Polar Year.
Correspondence, memoranda, and some reference material.

12. *Musk-Ox* 35: Currie Introduction. - textual records and 1 photograph.
Draft manuscript, memoranda, and photo of the Second International Polar Year personnel.
 13. *Musk-Ox* - Miscellaneous.
Obituaries for Balfour Currie; information regarding the Second International Polar Year commemorative plaque in the Physics building; article by K.V. Paulson on the SIPY Chesterfield Inlet research; etc.
 14. Photographs - Chesterfield Inlet. - 37 photographs, 44 negatives.
Prints and negatives of images originally taken in 1932-1933 during the SIPY; list included.
 15. Photographs - Currie Diary. - 4 photographs, 22 negatives.
Negatives and prints of pages from the diary.
